Ref: 2002/95/EC Article 4.1

All connector products shipped by HCD, Inc do not contain any of the substances above the maximum concentration values banned in Article 4.1 of the RoHS directive, 2002/95/EC, dated 27 January 2003, or are exempted from such substance bans under Article 4.2 of directive 2002/95/EC.

Yes

Except as set forth above, no homogeneous material (as defined by the RoHS directive, EU 2002/95/EC, and implemented by the laws of the European Union member states) of the part(s) identified on this form contains lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls or polybrominated biphenyl ethers (each a "RoHS restricted substance") in excess of the applicable quantity limit identified above. If a homogeneous material within the part(s) contains a RoHS restricted substance(s) in excess of an applicable quantity limit, such RoHS restricted substance is identified above, including any applicable RoHS exemption. If the part is an assembly with lower level components, this declaration encompasses all such components.

Supplier certifies that it has gathered and verified the information it provides in this form using appropriate methods (i.e., internal design controls, supplier declarations, and analytical testing, as needed) to ensure its accuracy and completeness and that such information is true and correct to the best of its knowledge and belief. Supplier agrees it will notify its customers promptly if it learns that the any of the information provided in this form is inaccurate. Supplier acknowledges that the customers will rely on this certificate in determining the compliance of its products with European Union member state laws that implement the RoHS directive and similar laws in other jurisdictions. The customer acknowledges that Supplier may have relied on information provided by others in completing this form and that Supplier may not have been able independently verify all such information. However, in situations where Supplier has not independently verified information provided by others, Supplier agrees that, at a minimum, its suppliers have provided certification regarding their contributions to the part(s), and those certifications are at least as comprehensive as the certification in this form.
